OUR VISION

“To become Nepal’s most trusted AI-powered platform that dignifies skilled workers, empowers communities, and transforms how local services are discovered and delivered.”

Dignify Workers

Build career profiles, grades & a bonus fund for Nepal’s informal workforce.

Empower Communities

Create an ecosystem where every household can access reliable local services.

Scale With AI

Start in Kathmandu, grow across South Asia with intelligent automated matching.

THE PROBLEM

No Unified Platform

Finding reliable skilled workers in Nepal means asking neighbors — slow, unreliable, and inconsistent quality.

Zero Worker Security

Millions of informal workers have no job security, no insurance, no provident fund, and no professional identity.

Fragmented Local Market

No AI-powered solution exists in South Asia connecting, verifying, and grading local service professionals at scale.

Broken Supply Chain

Customers must hunt for spare parts separately during repair work — causing delays and added frustration for all.

THE SOLUTION — SKILL-SEWA

An AI-powered platform that instantly connects customers with nearby skilled professionals using smart problem understanding and automated matching.

REVENUE MODEL

STREAM 01

Connection Fee

Rs. 10 / Request

Flat fee charged to users per service request. Covers AI matching, admin, and platform costs.

Platform keeps:

100% to Skill-Sewa

STREAM 02

Service Commission

10% of Job Fee

Commission on every completed service transaction between user and professional.

Platform keeps:

5% to Skill-Sewa

5% → Worker Bonus Fund

STREAM 03

Supplier Referral

2% of Parts Sale

Commission from nearby suppliers when materials/parts are purchased through the platform.

Platform keeps:

1% to Skill-Sewa

1% → Worker Bonus Fund

WORKER BONUS FUND — Our Unique Differentiator

What Is It?

A transparent, company-managed reserve fund for every worker on Skill-Sewa.

Sources of funding:

- 5% of every service commission
- 1% of every supplier referral

Workers can withdraw anytime per company rules. Fully transparent, governed by Skill-Sewa operational policy.

Social Protection

First platform in Nepal offering micro-insurance type benefits for informal gig workers.

Worker Loyalty

Workers stay on Skill-Sewa because their earnings grow over time through the fund.

Govt. Alignment

Aligns with Nepal's Labor Act goals for worker welfare and social security coverage.

"No other gig platform looks after its workers like this."

WORKER PROGRESSION SYSTEM

From a skilled individual to a verified company — all within Skill-Sewa

BEGINNER	VERIFIED	PRO	EXPERT	COMPANY
Level 1	Level 2	Level 3	Level 4	Level 5
New worker. Completes profile & verification.	Identity verified. Positive customer ratings.	Consistent quality. Top satisfaction scores.	Recognized specialist. Featured on platform.	Leads a team. Manages multiple categories.
0–10 jobs	*10+ jobs, 4★+*	*50+ jobs, 4.5★+*	*100+ jobs, 4.8★+*	*Invite-only*

Graded by: Work Experience • Customer Satisfaction Score • Platform Loyalty • Response Rate • Completion Rate

AI Competitors

In this exact space

WHY NEPAL — WHY NOW?

- Smartphone penetration rising rapidly in Kathmandu Valley
- Nepal government actively promoting digital economy and youth employment
- No dominant AI-driven local services platform exists in South Asia
- Large informal workforce seeking formal professional identity and income security

GO-TO-MARKET STRATEGY

PHASE 1

Month 1–3

Kathmandu Pilot

- 10–15 curated service providers
- AI chat MVP live on web
- Focus on electricians, plumbers, mechanics
- Customer acquisition via social media

PHASE 2

Month 4–8

Valley Expansion

- 50+ verified providers onboarded
- GPS-based smart matching enabled
- Payment integration (eSewa/Khalti)
- Android mobile app launched

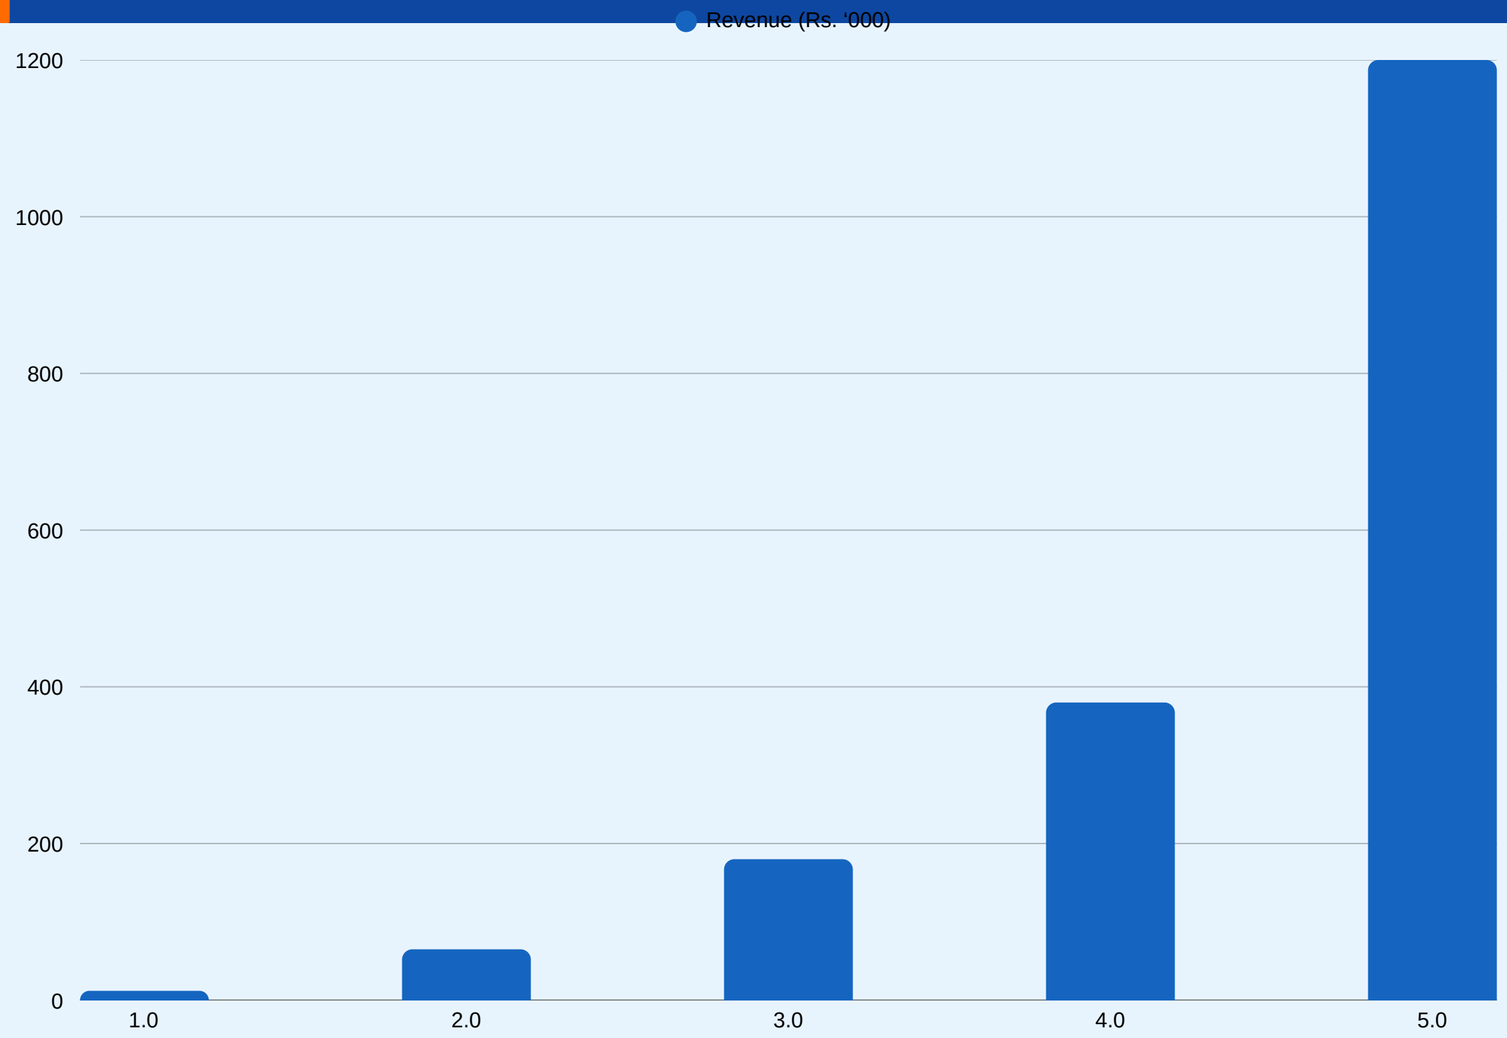
PHASE 3

Month 9–18

Scale & Register

- Company registered as Pvt. Ltd.
- Supplier network integration complete
- 100+ professionals, all 26 categories
- Regional expansion beyond KTM valley

FINANCIAL PROJECTIONS



Metric	Pilot Q1	Year 1 End
Active Providers	10–15	100+
Jobs / Month	~50	~800+
Avg. Job Value (Rs.)	500–1,500	1,000–3,000
Connection Fee Rev.	Rs. 500	Rs. 8,000+

Supplier Referral	—	Rs. 15,000+

**Conservative estimates for Kathmandu Valley pilot phase.*

THE FOUNDING TEAM

Founding Member

Vision & Strategy

Leads product vision, business strategy, stakeholder relations, and overall platform direction for Skill-Sewa.

Lead Developer

Frontend & AI Integration

Builds the web platform, AI chat interface, and user experience across all customer touchpoints.

Developer

Backend & Infrastructure

Manages server architecture, database, APIs, matching engine, and platform scalability and security.

Seeking: Marketing Lead | Operations Manager | Community Relations Officer

LEGAL & REGULATORY PATHWAY

Company Registration

Phase 1 (Month 1–3)

Register as Private Limited Company under Nepal Company Act 2006. Obtain PAN/VAT from IRD.

Digital Business License

Phase 1 (Month 1–3)

Obtain IT/digital business license from Nepal Telecommunications Authority (NTA).

Labor Compliance

Phase 2 (Month 4–6)

Register worker contracts per Nepal Labor Act 2074. Align Bonus Fund with Social Security Fund (SSF).

Payment Gateway License

Phase 2 (Month 4–6)

Integrate eSewa/Khalti with Nepal Rastra Bank (NRB) compliance for digital payment operations.

Data Protection

Phase 3 (Month 9+)

Comply with Nepal’s Individual Privacy Act 2075 for user data, location, and worker profile management.

Expansion Licensing

Phase 3 (Month 12+)

Pursue investment approvals under Nepal’s Foreign Investment Act for potential regional expansion.

WHAT WE'RE ASKING FOR

Investors

Seed Funding
Rs. 15–25 Lakhs

- Platform infra & server costs
- Marketing & customer acquisition
